

PUGET SOUND REGIONAL COUNCIL

PRIORITY PROJECT LIST

NARRATIVE PROJECT INFORMATION - October 2011

Due to Peter Heffernan (peter.heffernan@kingcounty.gov) no later than close of business Wednesday October 12.

Project Sponsor: City of Auburn

Project Name: *West Valley Highway Deep Repair Overlay*

Project Location: West Valley Hwy from W. Main to 11th ST NW

What type of project is it: Support Centers ____ Corridors Serving Centers x

Plan Consistency:

- Transportation 2040 project number: _____
- Is the project consistent with the Transportation 2040: Yes x No ____

Project Description - No more than two full page - (see evaluation criteria for information to include):

The scope of work includes pre-paving repair of the most badly damaged areas by excavating below the existing pavement and replacement of base materials, and reconstruction of several pedestrian ramps to bring those corners up to current Americans with Disabilities Act (ADA) required standards. The overlay consists of a mixture of coarse rock and asphalt, about 2 inches or more in depth that provide additional load carrying capacity.

West Valley Highway is a major truck route and heavily used by commuters. This portion of the roadway is centrally located in Auburn between the Ports of Tacoma and Seattle. West Valley Highway connects the valley cities of Puyallup, Fife, Sumner, Algona, Pacific, Auburn, Kent, Tukwila, and Renton. These nine cities make up the largest industrial, distribution and warehouse center in the Puget Sound Region. The valley Cities have a combined population of 251,799 with over 21,000 acres currently zoned for industrial and commercial use supplying over \$200 million dollars to the state of Washington as the state's portion of sales tax dollars. Obtaining funding now will preserve the remaining useful life of this critical roadway for an additional 10 years keeping it open to interstate and regional freight.

Funds Requested: \$1,750,000

Project Status & Timeline

Design engineering: 2012

Right-of-way acquisition: N/A

Construction: May 2012 to July 2012
